

The most dynamic and vital force in nurse staffing today

Message from the COO

Kamelia Kameli, Chief Operating Officer

Dear Friends:

On behalf of the entire Staff Blue team, I wish to thank you for your interest in our company.

If you are a healthcare HR executive in need of nurses, I welcome the opportunity to visit you to discuss your needs and requirements as well as our recruitment, training and placement process. Whether your staffing needs are a result of employees leaving, census swings, turnover, strike or simply new department or program expansion, we can supply your facility with the qualified healthcare professionals you need when you need them. With an additional office in New Jersey, we now have expanded our market and our client base.

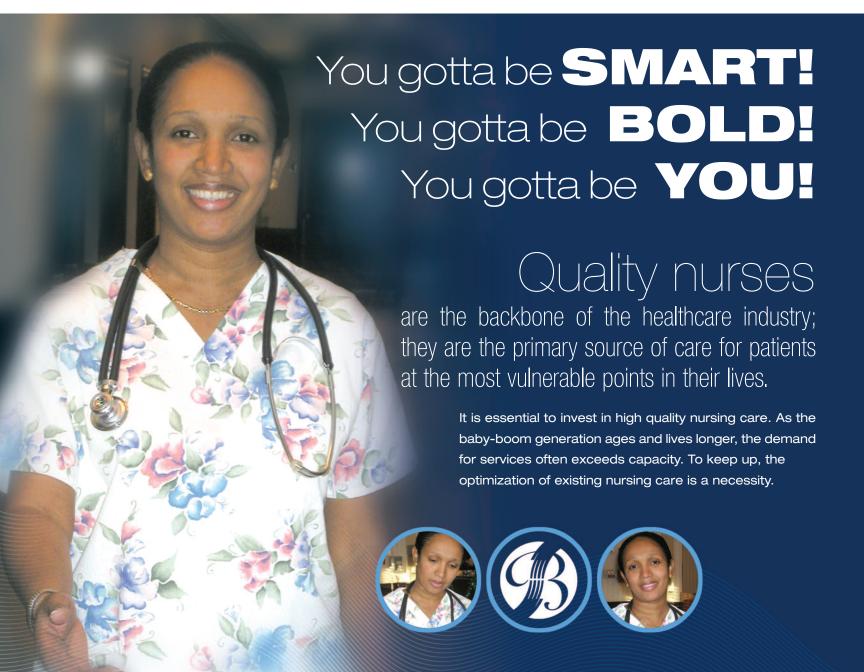

With a pool of thousands of experienced RNs, LPNs, CNAs and hundreds of active accounts such as hospitals, skilled nursing and rehabilitation facilities in New York and New Jersey, Staff Blue has earned the reputation of living up to its promise to deliver "Real Nurses" in "Real Time."

If you are a healthcare professional exploring your career path, I invite you to consider the amazing opportunities that StaffBlue as one of the Metropolitan's leading healthcare staffing companies has to offer. Whether you are looking for a per diem, nights, weekends, short or long term travel assignments or a permanent position, the StaffBlue team is ready to assist you with finding the work you want, where and when you want it.

I encourage every single one of you who are reviewing our services to call our Brooklyn corporate office a 718-232-BLUE and ask to speak with me personally, or to send an e-mail to me at Kamelia@staffblue.com. You can also contact me at our New Jersey office, 908-445-0445.

I will be happy to meet you, discuss how we can work together and answer all of your questions about Staff Blue.

Sincerely yours, Kamelia Kameli, Chief Operating Officer

StaffBlue provides experienced nurses and therapists in all capacities to many major hospitals and healthcare facilities in the Northeast. We take pride in our ability to supply compassionate & qualified professionals who get the job done.

We at StaffBlue know that a strong and reliable workforce is essential in today's ever changing industry. Our mission is to help you maintain the highest quality of patient care by filling all your staffing requests, most promptly and efficiently.

The most dynamic and vital force in nurse staffing today

is available 24/7, 365 days a year, to provide you with top notch nurses.

Call us.

We'll keep you covered.

Together
we can achieve
dynamic, demonstrable results!

Our unique "Client Liaison" position was created just for you.

To ensure your satisfaction and an open flow of communication between us, you will be assigned a "Client Liaison" who will visit your facility to check on orientations, human resources follow up, staffing conditions and review any other concerns that may arise.

You can trust us to deliver.

No matter when you call you will always reach one of our professionals,

not an answering service or machine. All incoming calls are answered by our own expert personnel who understand your priority to be covered at all times. They will work with you, focusing on your particular needs, to furnish you with flexible solutions for the short and long term. They will customize a program to provide you with quality employees in the most cost-effective way possible. Rest assured that StaffBlue shares your commitment to hiring only the best.

Our streamlined site allows easy access for our client facilities and caregivers.

You're in Control!

By simply going on-line, StaffBlue Caregivers can

- Submit and modify their availability on an on-going basis
- View and confirm their work schedule

Our website enables facilities to

- Submit staffing requests on-line.
- View and confirm their schedule.
- Access their account 24/7.

STAFFBLUE

Real Nurses Real Time

Caregivers are distinguished by their peerless professionalism & genuine caring. All StaffBlue nurses are fully credentialed, highly motivated individuals who have passed a rigorous screening process. They will surpass all your expectations & become a dynamic part of your team.

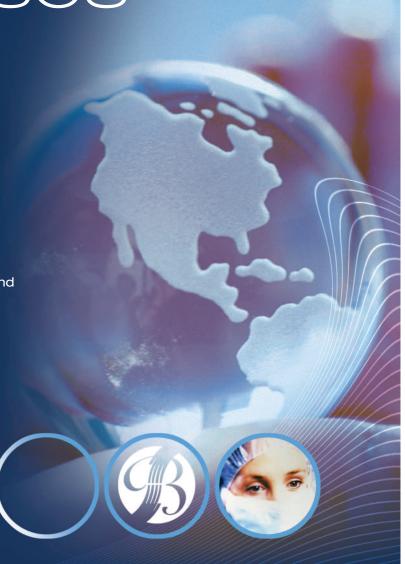

We deliver more than promises
